Dear Mr Sam,

**Re: Request for reduction of fire insurance**

Referring to the above, I would like to request for a reduction of fire insurance because as per my valuation report, the insurance value should only be RM620,000.00 and I do not wish to insure other additional coverage.

Please also find the attached supporting documents, relevant page of recent valuation report and photocopy of my IC, for your reference to this matter.

Kindly review my request and looking forward to hear from you.

Yours sincerely,

NG ENG/SIM
